

FINDINGS OF GRIEVANCE COMMITTEE MUNICIPAL CORPORATION, BUREWALA

The Administrator, Municipal Corporation, Burewala sent application of following bidders vide No. 960-62/MC (B) dated 18.07.2020 for decision to redress their grievances.

1. M/S Javaid & Company, Mian Channu
2. M/S Bilal Engineering Company, Gujranwala

GIST OF COMPLAINTS

- **Javaid & Company, Mian Channu**

To review the technical evaluation report considered non responsive by the procurement committee Municipal Corporation, Burewala, decision conveyed vide No. 855-60/MC (B) dated 03.07.2020 by the Chief Officer Municipal Corporation, Burewala to give him equal chance to participate in the competition.

- **Bilal Engineering & Company, Gujranwala**

To provide copy of technical report on the basis of which his technical bid considered non responsive without assigning any reason and allow re-bidding.

The case was examined by the committee and perused record provided by the Municipal Corporation, Burewala in detail and decision is made as under:-

1. The Municipal Corporation, Burewala invited bids for rehabilitation of Municipal services infrastructure in Burewala city (Group-C) supply items) for:-

- a) De-silting machine for collecting tanks
- b) Winch machine for sewer line
- c) Super structure of Sucker Machine

The bids were opened on 18.06.2020 publically in the presence of all bidders. The bidders in attendance at the time of opening of bids signed their attendance in the attendance sheet. The procurement committee accordingly evaluated all the four bids in the light of evaluation criteria and rejected the technical bids of above bidders having been found non-responsive, and conveyed the decision vide No. 855-60/MC (B) dated 03.07.2020.

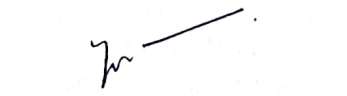

2. The bidding documents submitted by M/S Javid & Company, Mian Channu examined in detail and found that in the technical proposal containing reference No. 43569 dated 18.06.2020, no specifications for rehabilitation of sucker machine including replacement of super structure (tank, pressure pump etc.) was provided/attached and procurement committee rightly rejected his technical proposal being non responsive, hence the request of the bidder is rejected.

3. The Bidding documents submitted by M/S Bilal Engineering Company, Gujranwala was compared with the specification provided in the BOQ for rehabilitation of Sucker Machine by the procurement committee and rejected the technical proposal.

In this regard the details provided by the above bidder and provisions made in the BOQ of MC Burewala were examined and found that the technical proposal was rejected on merit; the request of the bidder is not maintainable having no weight/solid reasons, thus the instant request to re-bid at this belated stage is rejected.
